RULES FOR THE CONDUCT OF ELECTIONS FOR THE CONSTITUENCIES OF THE MADRAS LEGISLATIVE COUNCIL.

In exercise of the powers conferred by paragraph twenty of the Fifth schedule to the Government of India Act, 1935, read with paragraph twenty-three of Part I of the Government of India (Provincial Legislative Councils) Order, 1936, and sub-paragraph (5) of paragraph three of Part I and paragraph six of Part III of the Government of India (Provincial Elections) (Corrupt Practices and Election Petitions) Order, 1936, and of all other powers enabling him in that behalf, the Governor of Madras in Council is hereby pleased to make the following rules for the conduct of elections to the Madras Legislative Council.

Introductory.

1. These rules may be called the Madras Legislative Council Electoral (Elections and Election Petitions) Rules, 1936.

2. In these rules, unless there is anything repugnant in the subject or context,—

(7) 'signed' in relation to a person who is unable to write his name, means authenticated by making a mark; and

(b) where power is conferred to fix any date, it shall be deemed to include a power to postpone such date from time to time.

3. If any difficulty arises as to the holding of any election under the provisions of these rules or of the Act, or of any Order or other rule made under the Act or of any Act of the Provincial Legislature, the Governor may by order do anything not inconsistent with such provisions which appears to him to be necessary for the proper holding of the election.

4. If any question arises as to the interpretation of these rules otherwise than in connexion with an election inquiry held under the Act or under any Order or rule made thereunder or under an Act of the Provincial Legislature, the question shall be referred for the decision of the Governor, and his decision shall be final.

5. (1) The functions devolving on the Governor under these rules shall, before the commencement of Part III of the Act, be exercised by the Governor in Council.

(2) After the commencement of the said Part, the functions devolving on the Governor under rules 3, 4, 6, 9, 52 and 76, clause (b) of rule 84, sub-rule (1) of rules 88 and 89, sub-rules (1) and (2) of rule 91 and rule 93 shall be exercised by the Governor acting in his individual judgment:

6. For the purposes of clause (c) of paragraph one of the Fifth Schedule to the Act, the Ruler of an Indian State or a subject of any such State shall be qualified to be chosen to fill a seat in the Legislative Council.

7. No act done or proceedings taken under, or with reference to, these rules shall be called in question by means of a suit or otherwise in a court of law.

Constitution of the Council.

8. (1) A general election shall be held for the purpose of constituting the Council in time to be ready to meet by the commencement of Part III of the Act.

(2) For the purpose mentioned in sub-rule (1), the Governor shall, by a notification in the Gazette, call upon every constituency to elect a member or members in accordance with these rules within such time as may be specified in such notification.

Casual vacancies.

9. (1) When the seat of an elected member becomes vacant by reason of his death or resignation or by virtue of any provision contained in the Act or any Order or rule made thereunder or an Act of the Provincial Legislature, the Governor shall by notification in the Gazette call upon the constituency concerned to elect a person for the purpose of filling the vacancy so caused within such time as may be specified in the notification:

Provided that when the seat of any such member is about to become vacant by virtue of an Order made under paragraph eighteen of the Fifth Schedule to the Act, the Governor shall issue a notification under this rule so that the election may be completed before the seat becomes vacant.

(2) If a vacancy occurs in the case of a nominated member, the Governor shall nominate to the vacancy a person who is not disqualified under sub-paragraph (4) of paragraph 16 of Part I of the Council Order.

Returning Officers.

10. The Returning Officers for the constituencies mentioned in the first column of Schedule I hereto annexed shall be the persons respectively specified in the corresponding entry in the second column thereof.

11. (1) The persons specified in the third column of the said Schedule may, subject to the control of the Returning Officer, perform all or any of the functions of the Returning Officer in the constituencies respectively specified in the corresponding entry in the first column thereof:

Provided that no such person shall perform any of the functions of a Returning Officer which relate to the acceptance of a nomination paper or of a paper withdrawing candidature or to the scrutiny of nominations or to the counting of votes, unless the Returning Officer is unavoidably prevented from performing the same, in which case the said functions may be performed in any constituency by any one of the persons specified in the corresponding entry in the third column of the Schedule.

(2) Reference to the Returning Officer in these rules shall, unless a contrary intention appears, be deemed to include any person when performing any duty or function which he is authorized to perform under sub-rule (1).

Nomination of Candidates.

12. In a notification issued under sub-rule (2) of rule 8 or under rule 9 the Governor shall appoint—

(*a*) a date for the nomination of candidates, such date not being later than the twenty-first day after the date of the aforesaid notification;

(*b*) another date for the scrutiny of nominations, such date being not later than the third day after the date fixed for the nomination of candidates,

(*c*) a date or dates on which a poll shall, if necessary, be taken; and

(*d*) a further date or dates for the counting of votes.

13. On the issue of a notification by the Governor, it shall be the duty of the Returning Officer to give public notice of the intended election in Form I, in such language or languages as he thinks fit. Such notice shall be published on the notice board of the office of the Returning Officer, and in such other manner in the constituency as the Returning Officer may think fit. In the case of all constituencies except the European constituency such notice shall also be posted in the municipal office and in the office of each Collector, Divisional Officer, Tahsildar, Deputy Tahsildar and Sub-Magistrate, situated within the constituency. The notice shall further be published

(i) in *the Fort St. George Gazette*—in the case of the Muhammadan, European and Indian Christian constituencies and also in the case of the General constituency relating to the City of Madras; and

(ii) in *the District Gazette*—(including the Village sheet)—in the case of the General constituencies other than that relating to the City of Madras.

14. On or before the date appointed for the nomination of candidates, each candidate shall, either in person or by his proposer or seconder, between the hours of eleven o'clock in the forenoon and three o'clock in the afternoon, deliver to the Returning Officer or to such other person as is authorized in this behalf by rule 11 a nomination paper completed in the manner prescribed in Form II and subscribed by the candidate himself as assenting to the nomination and by two persons as proposer and seconder whose names are registered on the electoral roll of the constituency.

15. (1) Any person may be nominated as a candidate for election to fill a seat or seats in any constituency, if he is qualified to be chosen to fill such seat or one of such seats, as the case may be, under the Act, or under any Order or rule made thereunder, or under an Act of the Provincial Legislature.

(2) The nomination paper delivered by or on behalf of a candidate for a seat in a constituency in which he is not entitled to vote shall be accompanied by a certified copy of the entry containing his name in the electoral roll of the constituency in which he is entitled to vote.

16. (1) Any person whose name is included in the electoral roll of the constituency and who is not subject to any disabilities for being so included under the Act, or under any Order or rule made thereunder, or under an Act of the Provincial Legislature, may subscribe as proposer or seconder as many nomination papers as there are vacancies to be filled but no more.

(2) Every nomination paper delivered under rule 14 shall be accompanied by a declaration in writing as shown in Schedule II, subscribed by the candidate that the candidate has appointed or does thereby appoint as his election agent for the election either himself or some one other person who is not disqualified under the Act, or under any Order or rule made thereunder, or under an Act of the Provincial Legislature, for the appointment and who shall be named in the declaration; and no candidate shall be deemed to be duly nominated unless such declaration is delivered along with the nomination paper:

Provided that, notwithstanding that more than one nomination paper is presented by or on behalf of a candidate, only one such declaration by the candidate shall be necessary.

17. Printed copies of the nomination paper in Form II shall on application be supplied to any elector of the constituency at the office of the Returning Officer thereof.

18. Any nomination paper which is not received before three o'clock in the afternoon on the date appointed by the Governor for the nomination of candidates shall be rejected.

19. (1) On the presentation of a nomination paper, the Returning Officer may require the person or persons presenting the same to produce a copy of the electoral roll on which the candidate and his proposer and seconder are registered or of the necessary entries therein and shall satisfy himself that the name and number on the electoral roll of the candidate and his proposer and seconder as entered in the nomination paper are the same as those entered in the electoral roll. Where necessary, he shall direct that the former be amended so as to be in accordance with the latter.

(2) The Returning Officer may interpret an entry in the roll so as to overlook merely clerical or printing errors, but shall record the interpretation he has adopted together with the reasons therefor.

20. The Returning Officer or other person authorized shall, on receiving a nomination paper under rule 14, inform the person or persons delivering the same of the date, hour and place appointed for the scrutiny of nominations, and shall enter in the nomination paper its serial number and shall sign thereon a certificate stating the date on which and the hour at which the nomination paper has been delivered to him; and shall, as soon as may be thereafter, cause to be affixed in some conspicuous place in his office a notice of the nomination containing descriptions similar to those contained in the nomination paper, both of the candidate and of the persons who have subscribed the nomination paper as proposer and seconder.

21. (1) Any candidate may withdraw his candidature by notice in writing subscribed by him and delivered to the Returning Officer or other person authorized on or before three o'clock in the afternoon on the date succeeding that appointed by the Governor for the scrutiny of nominations:

Provided that if this day is a public holiday within the meaning of section 25 of the Negotiable Instruments Act, 1881, or

has been notified by the Local Government as a day to be observed as a holiday in Government offices the notice shall be considered as having been received in due time if it is presented at or before three o'clock on the next succeeding day which is neither such a public holiday nor a day so notified.

(2) A candidate who has withdrawn his candidature shall not be allowed to cancel the withdrawal or to be re-nominated as a candidate for the same election.

22. The Returning Officer or other person authorized shall, on receiving a notice of withdrawal under rule 21, as soon as may be, cause a notice of the withdrawal to be affixed in some conspicuous place in his office.

23. (1) On or before the date appointed for the nomination of candidates, each candidate in every constituency shall deposit or cause to be deposited with the Returning Officer the sum of two hundred and fifty rupees in cash * or in Government Promissory Notes of equal value at the market rate of the day.

(2) No candidate shall be deemed to be duly nominated unless the deposit mentioned in sub-rule (1) has been made.

(3) If a candidate by whom or on whose behalf the deposit referred to in sub-rule (1) has been made withdraws his candidature in the manner and within the time specified in rule 21, or if the nomination of any such candidate is refused, the deposit shall be returned to the person by whom it was made; and, if any candidate dies before the commencement of the poll, any such deposit, if made by him, shall be returned to his legal representative or, if not made by the candidate, shall be returned to the person by whom it was made.

(4) If a candidate by whom or on whose behalf the deposit referred to in sub-rule (1) has been made is not elected and the number of votes polled by him does not exceed, in the case of a constituency returning one or two members, one-eighth of the total number of votes polled, or, in the case of a constituency returning more than two members, one-eighth of the number of votes polled divided by the number of members to be elected, the deposit shall be forfeited to the Government.

(5) For the purpose of sub-rule (4), the number of votes polled shall be deemed to be the number of ballot papers, other than rejected ballot papers counted.

(6) The deposit made in respect of a candidate who is not elected, if it is not forfeited under sub-rule (4), and the deposit made in respect of a candidate who is elected shall be returned to the candidate or to the person who has made the deposit on his behalf, as the case may be, as soon as may be after the publication of the result of the election in the Gazette:

Provided that, if a candidate is duly nominated at a general election in more than one constituency, not more than one of the deposits made by him or on his behalf shall be returned, and the remainder shall be forfeited to the Government.

Scrutiny of Nominations.

24. On the date appointed by the Governor for the scrutiny of nominations under rule 12, the candidates, their election agents one proposer and one seconder of each candidate, and one other person duly authorized in writing by each candidate may attend at such time and place as the Returning Officer may appoint, and the Returning Officer shall give them all reasonable facilities for examining the nomination papers of all candidates which have been delivered within the time and in the manner prescribed in the foregoing rules.

25. (1) The Returning Officer shall then examine the nomination papers and shall decide all objections which may be made at the time to any nomination, and may, either on such objection or on his own motion, after such summary inquiry, if any, as he

* Returning Officers may accept treasury receipts in lieu of cash when a candidate chooses to pay the amount in cash direct into the treasury.

thinks necessary, refuse any nomination on any of the following grounds :—

(a) that the candidate is ineligible for election under the provisions of the Act or under any Order or rule made thereunder, or under an Act of the Provincial Legislature;

(b) that the proposer or seconder is disqualified from subscribing a nomination paper under rule 16; and

(c) that there has been any failure on the part of the candidate or his proposer or seconder to comply with any of the provisions of the foregoing rules.

(2) For the purposes of this rule—

(a) the production of a certified copy of an entry made in the electoral roll of any constituency shall be conclusive evidence of the right of any elector named in that entry to stand for election or to subscribe a nomination paper, as the case may be, unless it is proved that the candidate is disqualified under the Act, or under any Order or rule made thereunder or under an Act of the Provincial Legislature, or that the proposer or seconder, as the case may be, is disqualified under rule 16; and

(b) where a person has subscribed, whether as proposer or seconder, a larger number of nomination papers than there are vacancies to be filled, those of the papers so subscribed which have been first received, up to the number of vacancies to be filled, shall be deemed to be valid.

(3) Nothing contained in clause (b) or clause (c) of sub-rule (1) shall be deemed to authorize the refusal of the nomination of any candidate on the ground of any irregularity in respect of a nomination paper, if the candidate has been duly nominated by means of another nomination paper in respect of which no irregularity has been committed.

26. (1) The Returning Officer shall endorse on each nomination paper his decision accepting or rejecting the same and, if the nomination paper is rejected, shall record in writing a brief statement of his reasons for such rejection.

(2) The scrutiny shall be completed on the day appointed in this behalf under clause (b) of rule 12 and no adjournment of the proceedings shall be allowed.

(3) On completion of the scrutiny of nominations and after the expiry of the period within which candidatures may be withdrawn under rule 21, the Returning Officer shall forthwith prepare a list of persons, whose nominations have not been rejected and who have not withdrawn their candidature, and cause it to be affixed in some conspicuous place in his office.

27. If the number of such persons is greater than the number of vacancies, the Returning Officer shall forthwith publish in the manner prescribed in rule 13 a list in Form III of the names in alphabetical order of the candidates as given in the nomination papers. The alphabetical order is to be determined with reference to the order of the surnames (i.e., names proper) of the candidates. Against each candidate's name on the list shall be noted the serial number and, in the case of personal vote constituencies, also the distinctive colour, assigned to him for the purpose of the ballot.

28. If a candidate who has been duly nominated dies after the date appointed for the scrutiny of nominations and before the commencement of the poll, the Returning Officer or other authorized person referred to in rule 14 shall, upon being satisfied of the fact of the death of the candidate, countermand the poll and report the fact to the Government, and all proceedings with reference to the election shall be commenced anew in all respects as if for a new election :

Provided that no fresh nomination shall be necessary in the case of a candidate who stood nominated at the time of the countermanding of the poll.

29. (1) If the number of candidates who are duly nominated and who have not withdrawn their candidature in the manner and

within the time specified in rule 21 exceeds that of the vacancies, a poll shall be taken.

(2) If the number of such candidates is equal to the number of vacancies, all such candidates shall be declared to be duly elected.

(3) If the number of such candidates is less than the number of vacancies, all such candidates, if any, shall be declared to be elected, and the Governor shall, by a notification in the Gazette, call upon the constituency to fill the vacancy or vacancies, as the case may be, within such time as may be prescribed by the notification:

Provided that where the constituency, having already been called upon under this sub-rule, has failed to elect a person or the requisite number of persons, as the case may be, to fill the vacancy or vacancies, the Governor shall not be bound again to call upon the constituency to elect a person or persons until such time, as he thinks fit.

(4) Votes shall be given by ballot and in general constituencies, save as otherwise provided in rules 49 and 50, in person.

Voting in Person.

30. Rules 31 to 53 shall apply only to General constituencies.

31. The poll shall commence at 7 a.m. and be kept open till 6 p.m. It may be closed for not more than one hour between these hours at the discretion of the presiding officer.

32. The Returning Officer may, for sufficient cause and with the previous consent of the Governor, postpone the date or extend the period fixed for polling.

In emergencies such as a disturbance of the public peace or the intervention of floods, the presiding officer may close the poll and shall make a report to the Returning Officer. The Returning Officer shall notify the adjournment of the poll to a subsequent day and shall immediately report the circumstances to the Government.

33. The Returning Officer shall appoint one polling station for each polling area in each constituency and shall appoint a presiding officer for each polling station and such other persons (hereinafter referred to as polling officers) to assist the presiding officer as he thinks necessary.

34. The presiding officer shall keep order at the polling station, shall see that the election is fairly conducted, shall regulate the number of electors to be admitted at one time, and shall exclude all other persons except—

(a) the polling officers, the candidates, and one agent of each candidate at a time (hereinafter referred to as the polling agent) appointed in writing by the candidate,

(b) the police or other public servants on duty, and

(c) such other persons as the presiding officer may from time to time admit for the purpose of identifying electors.

35. Subject to the provisions of rules 49 and 50 no elector shall be admitted to vote except at the polling station fixed under rule 33 for the polling area under which his name appears on the electoral roll.

36. The presiding officer shall close the polling station at the hour appointed for closing under rules 31 and 32 so as to prevent the admission thereto of any elector after that hour and no ballot paper shall be issued after that hour.

37. Each polling station shall contain a separate compartment in which electors can vote screened from observation except in so far as it may be necessary to ensure that the ballot papers are duly placed in boxes.

38. Notwithstanding anything hereinbefore contained, the Returning Officer may, at his discretion, if a sufficient number of women suitable and willing to act as presiding and polling officers are available, provide a separate polling station for taking the votes of the women electors for any polling area or make such other arrangements as may be necessary to ensure the privacy of such

electors. In such cases women only shall be appointed to act as presiding and polling officers in respect of the votes of the women electors concerned. Except the police or other public servants on duty, no candidate, agent of a candidate or other person who is not a woman shall be admitted into or be present at such polling station or the place where the votes of such women electors are taken as the case may be.

39. The Returning Officer shall provide in each polling compartment at each polling station, as many ballot boxes as there are candidates, the box of each candidate bearing the serial number and the distinctive colour or colours assigned to him. He shall also provide a sufficient number of envelopes bearing the distinctive colours assigned to candidates and such other colours as may be necessary to give effect to sub-rule (2) of rule 50 together with the necessary outer covers and copies of the electoral roll or such part thereof as contains the names of the electors entitled to vote at the station. He shall further provide a board on which is displayed in bold and clear print the name of each candidate, the serial number and the colour assigned to him.

40. (1) Every ballot-box shall be so constructed that the ballot papers can be introduced therein but cannot be withdrawn therefrom, without the box being unlocked. The presiding officer at any polling station, immediately before the commencement of the poll, shall show the ballot-box empty to such persons as may be present at such station, so that they may see that it is empty and shall then lock it up, and place his seal upon it in such manner as to prevent its being opened without breaking such seal. He shall thereupon place the box so locked and sealed inside the polling compartment for the receipt of ballot papers, but screened from observation except in so far as it may be necessary to ensure that the ballot papers are duly placed in it.

(2) Before the polling station is opened for the purpose of voting, the presiding officer shall read to such persons as may be present the provisions of section 14 of the Indian Election Offences and Inquiries Act, 1920, and shall explain the substance thereof in the vernacular of the district.

41. Every ballot paper shall be in Form IV and shall have a counterfoil attached to it which shall be in Form IV-A. The ballot paper shall bear the letters indicating the constituency and a serial number. On each ballot paper the polling officer shall affix a stamp across the perforation between the foil and counterfoil.

42. (1) At elections for constituencies in which not more than one seat has to be filled a voter shall be given only one ballot paper which shall be placed in the ballot-box bearing the serial number and the colour assigned to the candidate for whom he desires to vote.

(2) At elections for constituencies in which more than one seat has to be filled, the voter shall be given as many ballot papers as there are seats to be filled and the presiding officer or polling officer shall explain to the voter that he may place all the ballot papers in the ballot-box of one candidate or distribute them as he thinks fit and place them in different ballot-boxes.

(3) Immediately before a ballot paper is delivered to an elector, the number, name and description of the elector as stated in the electoral roll shall be called out. The polling officer shall stamp the ballot paper with the prescribed mark, detach it from the counterfoil, and deliver it to the elector and shall place a mark on a copy of the electoral roll against the number of the elector to denote that he has received a ballot paper, but with no indication of the particular ballot paper which he has received.

43. The elector on receiving the ballot paper or papers shall forthwith proceed into the polling compartment and there place the ballot paper or papers in the box or boxes according to his choice. Every elector shall vote without undue delay and shall quit the polling station as soon as he has voted.

44. (1) If an elector is incapacitated from blindness or other physical cause from voting in the manner prescribed in rule 43

the presiding officer shall ascertain from him for whom he wishes to vote and shall, in the presence of any candidate or polling agent who may be present, place the ballot paper in the box bearing the serial number and the colour assigned to the candidate for whom he wishes to vote.

(2) In the case of every elector whose ballot paper is dealt with in the manner laid down in sub-rule (1), a note shall be made on the counterfoil by the presiding officer of the reason why it was so dealt with.

45. (1) When a person presents himself to vote, and at any time before a ballot paper is supplied to him, the presiding officer or polling officer may, of his own accord, and shall, if so required by a candidate or polling agent, put to such person any or all of the following questions :—

(i) Are you the person enrolled as follows (reading the whole entry from the roll)?

(ii) Have you already voted at the present election in this constituency? and

(iii) (At the first election held under these rules or at an election held for the purpose of filling seats about to become vacant by virtue of an Order made under paragraph 18 of the Fifth Schedule to the Act)—have you already voted in any other constituency of the Council?

and the person shall not be supplied with a ballot paper unless he gives an unqualified answer to the question or questions put to him and unless he answers the first question in the affirmative, the second question in the negative, and at an election mentioned in clause (iii), the third question also in the negative.

(2) Except as mentioned herein, every person whose name is found on the electoral roll shall be entitled to be supplied with a ballot paper.

46. If a person representing himself to be a particular elector named on the electoral roll applies for a ballot paper after another person has voted as such elector, the applicant shall, after duly answering such questions as the presiding officer may ask, be entitled to receive a ballot paper in the same manner as another elector. On receipt of such ballot paper (hereinafter referred to as a tendered ballot paper) the elector shall proceed into the polling compartment and there place the ballot paper in an envelope bearing the colour assigned to the candidate of the applicant's choice. He shall then stick the envelope and enclose it in a cover and hand it over to the presiding officer. The presiding officer shall make an endorsement containing the name of the elector and his number on the electoral roll and the name and number of the electoral area to which the roll relates and shall set aside the cover in a separate packet the ballot papers in which shall not be counted by the Returning Officer. The name of the elector and his number in the electoral roll and the name or distinctive number of the polling station to which the roll relates shall be entered in a list in Form V, which shall bear the heading " Tendered votes list ". The person tendering such ballot paper shall sign his name and address on that list or affix his thumb-impression thereto.

Explanation.—In cases falling under this rule to which rule 47 is also applicable, the provisions of this rule as well as of rule 47 shall be followed.

47. (1) If any polling agent declares and undertakes to prove that any person by applying for a ballot paper has committed the offence of personation, the presiding officer may require such person to enter in the list of challenged votes (which shall be in Form VI) his name and address or, if he is unable to write, to affix his thumb-impression thereto and may further require such person to produce evidence of identification.

(2) The presiding officer shall then call upon the candidate or agent bringing forward the charge of personation to deposit with him a sum of twenty rupees in cash.

(3) Immediately the deposit required by sub-rule (2) has been made, the presiding officer shall obtain a written statement in Form VII which shall be signed by the candidate or agent, as

the case may be, and which shall also be attested by two credible witnesses, in the presence of the presiding officer.

(4) If the applicant for the ballot paper on being questioned in the manner provided in rule 45 gives unqualified answers to the first question in the affirmative and to the other questions in the negative, he shall be allowed to vote after he has been informed of the penalty for personation. The presiding officer shall make a note of the circumstances and of his decision on the list of challenged votes.

(5) The presiding officer shall, at the close of the poll, forward to the Returning Officer the statement mentioned in sub-rule (3), enclosed in the packet containing the list of challenged votes.

(6) The Returning Officer, after instituting such inquiries, as may be necessary, shall take steps to prosecute the person or persons whom he believes to be guilty of the offence of personation after obtaining the previous sanction required by section 196 of the Criminal Procedure Code, such sanction being obtained from the Commissioner of Police in the city of Madras and from the District Magistrate concerned elsewhere. If it is found as a result of the judicial trial that the offence of personation has not been proved, the Returning Officer shall decide whether the whole or part of the deposit shall be declared forfeit to the Government. In coming to a decision on this point the Returning Officer shall be guided by the facts and conclusions recorded at the trial.

48. An elector who has inadvertently dealt with his ballot paper in such a manner that it cannot conveniently be used as a ballot paper may, on delivering it to the presiding officer and satisfying him of the inadvertence, obtain another ballot paper in place of the spoilt paper, and the latter shall, together with its counterfoil, be marked as cancelled.

49. A presiding officer, polling officer, or polling agent or public servant who being entitled to vote in a constituency is duly appointed or authorized for duty at a polling station at which he is not ordinarily entitled to record his vote may apply to the Returning Officer concerned for a certificate entitling him to vote at the polling station where he is employed. The said certificate shall be in Form VIII.

If however he is on duty at a polling station which is not in the constituency in which he is entitled to vote the Returning Officer shall in addition to the certificate mentioned above furnish the presiding officer concerned with particulars regarding the number of votes which the elector is entitled to give and the names of, and serial numbers and colours assigned to, the candidates standing for election in that constituency.

50. A person in possession of a certificate in the form prescribed in rule 49 shall deliver the certificate to the presiding officer who shall thereupon issue to the person ballot papers in the same manner as to any other elector. Such ballot papers shall be dealt with in the following manner :—

(1) If the polling station at which the person is on duty be in the same constituency as the one in which he is entitled to vote, then the provisions contained in rules 42 and 43 shall apply. The presiding officer shall, at the end of the poll, send the certificate to the Returning Officer along with the statement mentioned in rule 52.

(2) If the polling station at which the person is on duty be not in the constituency in which he is entitled to vote the presiding officer shall issue the ballot paper or papers with instructions similar to those contained in sub-rules (1) and (2) of rule 42. The person shall proceed into the polling compartment and place the ballot paper in the envelope bearing the colour assigned to the candidate of his choice and stick it up, enclose the envelope in a cover and hand over the cover to the presiding officer. Where an elector is given more than one ballot paper he shall adopt a similar procedure in respect of each such paper unless he chooses to give all his votes to a single candidate, in

which case all the ballot papers shall be placed in a single envelope bearing the colour assigned to the candidate of his choice.

The presiding officer shall make up into separate packets for each constituency the covers in which votes have been so recorded, the connected certificates being fastened to the covers, seal up each such packet in the manner specified in rule 51 and forward the same to the Returning Officer of the constituency concerned.

61. (1) The presiding officer of each polling station, as soon as practicable after the close of the poll, shall, in the presence of any candidate or polling agents who may be present, make up into separate packets and seal with his own seal and the seals of such candidates or agents as may desire to affix their seals—

(1) each ballot-box in use at such station unopened but with the key (which should also be sealed in the same manner as the ballot box) attached,
(2) the tendered ballot papers,
(3) the unused ballot papers,
(4) the spoilt ballot papers,
(5) the marked copy of the electoral roll,
(6) the counterfoils of the ballot papers,
(7) the tendered votes list,
(8) the list of challenged votes, with the statement or statements mentioned in rule 47 (3), and
(9) the covers under rule 50 (2),

and shall forward such packets to the authority mentioned in rule 53.

62. The packets shall be accompanied by a statement in a separate cover in Form IX made by the presiding officer, showing the number of ballot papers entrusted to him, and accounting for them under the heads of ballot papers in the ballot-boxes, unused, spoilt, and tendered ballot papers.

63. Subject to any directions given in that behalf by the Returning Officer, the packets and statements shall be forwarded by the presiding officer to the Commissioner of the Corporation of Madras in the Madras City and either to the Returning Officer or to such divisional or taluk officer as the Returning Officer may direct in the mufassal. Each packet shall be numbered and shall bear a note as to its contents and the name of the polling station. Where no vote has been recorded in any constituency, the presiding officer shall submit a *nil* report together with the statement in Form IX. The divisional or taluk officer, as the case may be, shall forward to the Returning Officer, immediately on receipt from all the polling stations in the division or taluk, the packets and statements referred to in rules 61 and 62.

Postal Voting.

64. Rules 65 to 68 shall apply to the Muhammadan, European and Indian Christian constituencies and no elector of these constituencies shall be allowed to vote in any other way than is provided in these rules.

65. (1) The Returning Officer shall issue through registered post acknowledgment due, a declaration paper and a ballot paper to each elector to the address entered against his name in the electoral roll, unless the elector has, since the publication of the roll, given intimation of any change in his address in the manner prescribed in sub-rule (2).

(2) Any elector wishing to intimate any change in his address as entered against his name in the electoral roll shall do so through a Presidency Magistrate, Taluk Magistrate, Deputy Tahsildar or Stationary Sub-Magistrate, having jurisdiction over the place mentioned in such address. The intimation shall be given in writing and shall be signed by the elector before the officer aforesaid. If the elector is not personally known to such officer, he shall be identified by two respectable witnesses who shall also sign the intimation as having identified the elector. For the purpose of identification, the testimony of the village officers of the village in which

the elector resides, shall be accepted as sufficient. The officer before whom the elector signs the intimation shall forward it himself to the Returning Officer of the constituency concerned.

The provisions of this sub-rule shall apply *mutatis mutandis* whenever the elector wishes to intimate any subsequent change in his address.

55. The ballot paper shall be in Form X and the declaration paper in Form X-A. The ballot paper shall have the names of the candidates in the order in which they appear in Form III. If there are two candidates whose names are the same, they shall be distinguished by the addition of their occupation or in some other way. The ballot papers shall be printed in such language or languages as the Returning Officer may consider necessary. The same serial number shall be entered on the face of the declaration paper and on the back of the ballot paper. To each elector shall be issued the declaration paper and the ballot paper whose serial numbers correspond to the number which the elector bears on the electoral roll.

57. Before the ballot paper is issued to an elector, the Returning Officer shall—

(*a*) have the name of the elector entered on the declaration paper, and

(*b*) place a mark against the name of the elector concerned in the electoral roll, or the copy of it, used for the purpose of the election.

58. With the ballot paper, the Returning Officer shall send a cover addressed to himself in Form XI, an envelope with the number of the ballot paper entered on its face and a letter in Form XII. The Returning Officer shall have the number of the ballot paper entered at the left-hand bottom corner of the cover in Form XI.

59. Each elector, upon receipt of his ballot paper, if he desires to vote in the election, shall sign the declaration in the declaration paper and record his vote or votes on the ballot paper by placing a mark or marks against the name of the candidate or candidates of his choice.

60. The elector shall then enclose the ballot paper in the envelope and stick it up, enclose the envelope and the declaration paper in the cover and send the cover by registered post to the Returning Officer so as to reach him not later than the day and the latest hour fixed for the poll. The covers received after such day and hour as well as covers received by unregistered post shall be rejected:

Provided that, at his option, the elector may in person deposit the cover in a ballot box which shall be provided at the office of the Returning Officer on the day and during the hours fixed for the poll.

61. (1) If an elector is incapacitated from blindness or other physical cause, from voting in the manner prescribed above, it shall be competent for him to record his vote by the hand of any of the officers mentioned hereunder; and such officer shall, at the request of the elector, mark the ballot paper in the presence of the elector and if the incapacity is due to blindness, in the presence of another person as well and shall, on the declaration paper, certify the incapacity and attest the fact of his having been requested by the elector to mark the ballot paper for him, and of its having been so marked.

(2) The following officers are empowered to attest votes of incapacitated electors under this rule:—

Stipendiary Magistrates other than a village magistrate, Judges of the Court of Small Causes, Madras, and the City Civil Court, Madras, Sub-Judges, District Munsifs, District Registrars and Sub-Registrars.

62. (1) An elector who has not received his ballot and other connected papers sent by post or whose papers, before their despatch back to the Returning Officer, have been inadvertently spoilt in such manner that they cannot conveniently be used, or who has lost his papers, may apply in the manner prescribed in sub-rule (2)

for new papers in place of those not received, spoilt or lost and if the papers have been spoilt, the spoilt papers shall be returned to the Returning Officer who shall cancel the same on receipt. In every case where new papers are issued, a mark shall be placed against the name of the elector in the copy of the roll referred to in clause (b) of rule 57 to denote that new papers have been issued in place of those not received, spoilt or lost.

(2) Any elector applying for new papers under sub-rule (1) shall sign a declaration to the effect that he has not received his ballot and other connected papers or that they have been spoilt or lost, as the case may be, before a Presidency Magistrate, Taluk Magistrate, Deputy Tahsildar or Stationary Sub Magistrate having jurisdiction over the place mentioned in the address as entered against the elector's name in the electoral roll or as intimated under sub-rule (2) of rule 55, as the case may be. If the elector is not personally known to such officer, he shall be identified by two respectable witnesses who shall also sign the declaration as having identified the elector. For the purpose of identification, the testimony of the village officers of the village in which the elector resides shall be accepted as sufficient. The officer before whom the elector signs the declaration shall forward it himself to the Returning Officer of the constituency concerned.

63. No election shall be invalidated by reason that an elector has not received his ballot paper provided that a ballot paper has been issued to him in accordance with these rules.

Counting of Votes.

64. The counting of votes shall commence on the day appointed by the Governor in that behalf at such time and place as the Returning Officer may fix. The Returning Officer shall give notice in writing of the date, time and place aforesaid to all candidates and election agents.

65. Votes shall be counted by, or under the supervision of, the Returning Officer, and each candidate, the election agent of each candidate, and one representative of each candidate authorized in writing by the candidate shall have a right to be present at the time of counting. No other person shall be allowed to be present except such persons as the Returning Officer may appoint to assist him in counting votes and no person shall be appointed to assist in counting the votes who has been employed by or on behalf of any candidate for any purpose whatsoever connected with the election

66. The Returning Officer shall, before he commences to count the votes, read the provisions of section 14 of the Indian Election Offences and Inquiries Act, 1920, to such persons as may be present, and shall then proceed as follows :—

(a) (i) If the constituency is one in which the voting is personal, the ballot box or boxes relating to all polling stations in the constituency bearing the same serial number and colour and all envelopes of the same colour as those boxes, enclosed in covers which may have been received under rules 50 and 53 shall be opened one after another. The Returning Officer shall take out the ballot papers therefrom, count them and record the number thereof in a statement. He shall then have all the boxes of another serial number and colour opened and the ballot papers taken out, counted and the number recorded in the statement and similarly with boxes of as many serial numbers and colours as may have been prescribed for the constituency.

(ii) If the constituency is one for which postal voting is prescribed, the covers received from or deposited by electors under the proviso to rule 60, shall be opened one after another and the envelopes and declaration papers taken out therefrom. If a cover should contain no declaration paper outside the envelope, the envelope enclosed in such cover shall be rejected and the Returning Officer shall endorse the word "rejected" on the envelope. If

a cover contains a declaration paper, the Returning Officer shall examine whether the declaration paper is the one sent out by him and whether the declaration and attestation are *prima facie* regular. If he is not satisfied that a declaration paper is the one sent out by him to the elector concerned or if the declaration or attestation is not in order, he shall endorse the word "rejected" on the back of the declaration paper and keep it with the connected envelope in a separate bundle. If more than one declaration paper or more than one envelope is enclosed in one and the same cover, all the declaration papers and envelopes contained in the cover shall be rejected, and the Returning Officer shall endorse the word "rejected" on the back of each declaration paper and keep the declaration papers so rejected and the envelopes contained in the cover in the same bundle of rejected papers. He shall file the other declaration papers and the envelopes containing the corresponding ballot papers in a separate heap. These envelopes shall then be opened, the ballot papers enclosed therein taken out, and counted, and the total thereof recorded by the Returning Officer in a statement.

The Returning Officer shall then mix together all the ballot papers so counted and totalled up and distribute them in convenient bundles to the persons appointed to assist in counting the votes.

(b) The Returning Officer shall allow the candidates and their agents reasonable opportunities to inspect, without handling, all ballot papers which in his opinion are liable to be rejected. He shall endorse on every ballot paper which is wholly or partially rejected the word "rejected." If any candidate or agent present questions the correctness of the rejection, he shall also record on the ballot paper the grounds for the rejection. No candidate or agent shall be allowed to see the serial number on the back of any ballot paper.

(c) The Returning Officer shall, as far as practicable, proceed continuously with the counting of the votes; and shall, during any necessary intervals during which the counting has to be suspended, place the ballot papers, packets and other documents relating to the election under his own seal and the seals of such candidates or agents as may desire to affix them, and shall cause adequate precautions to be taken for their custody.

47. (1) A ballot paper shall be rejected if—

(a) *in the case of all constituencies*—both personal vote and postal vote—it bears any mark by which the elector can be identified;

(b) *in the case of personal vote constituencies*—

(i) it does not bear the official stamp prescribed in rule 41;

(ii) it bears the mark belonging to a constituency different from that of the ballot box in which it is found; and

in the case of postal vote constituencies—

(i) the number of votes recorded thereon exceeds the number of vacancies to be filled;

(ii) no vote is recorded thereon;

(iii) it is void for uncertainty;

(iv) the cover, enclosing the elector's declaration paper and the envelope containing his ballot paper, has neither been sent by registered post so as to reach the Returning Officer not later than the day and the latest hour fixed for the poll nor deposited in the ballot box provided in the office of the Returning Officer on the day and during the hours fixed for the poll;

(v) the cover contains no declaration paper outside the envelope;

(vi) more than one declaration paper or envelope containing the ballot paper have been enclosed in one and the same cover;

(vii) the declaration paper is not the one sent out by the Returning Officer to the elector or the declaration or attestation is not in order:

Provided that in a case where more than one vote can be given on the same ballot paper, if one of the marks is so placed as to render it doubtful to which candidate it was intended to apply, the vote concerned but not the whole ballot paper shall be invalid on that account.

(2) Except on the above-mentioned grounds, a ballot paper shall not be rejected.

(3) The decision of the Returning Officer as to the validity of a ballot paper shall be final, subject only to reversal on an election petition.

68. When the counting of the votes has been completed, the Returning Officer shall forthwith declare the candidate or candidates, as the case may be, to whom the largest number of votes has been given to be elected.

69. Where an equality of votes is found to exist between any candidates and the addition of one vote will entitle any of the candidates to be declared elected, the determination of the person or persons to whom such one additional vote shall be deemed to have been given shall be made by lot to be drawn in the presence of the Returning Officer and in such manner as he may determine.

70. (1) The Returning Officer shall without delay report the result of the election to the Secretary to the Council and to the Government.

(2) As soon as may be after the expiration of the time fixed for the election of members, the names of members elected for the constituencies concerned shall be notified in the Gazette by the Government.

71. The following procedure shall apply to constituencies other than those for which postal voting is allowed:—

The Returning Officer shall not open the sealed packets of the tendered votes, the marked copy of the electoral roll or the counterfoils of the ballot papers. He shall verify the statement submitted by the presiding officer under rule 62 by comparing it with the number of accepted ballot papers and of rejected ballot papers and the unused ballot papers in his possession, shall then reclose and re-seal each packet which has been opened by him, and shall record on each packet a description of its contents and the date of the election to which it refers.

72. The following procedure shall apply in the case of postal vote constituencies:—

Upon the completion of the counting, the Returning Officer shall seal up in separate packets—

(1) the counted ballot papers;
(2) the rejected declaration papers and connected envelopes;
(3) the ballot papers rejected at the count;
(4) the rejected envelopes and the connected declaration papers, if any; and
(5) the marked copy of the electoral roll.

He shall also prepare and sign a statement in Form XIII and shall record on each packet a description of its contents and the date of the election to which it refers.

73. In the case of all constituencies—both Personal and Postal—the Returning Officer shall then prepare and certify a return in Form XIV setting forth—

(1) the names of the candidates for whom valid votes have been given,
(2) the number of valid votes given for each candidate,

(3) the name of the candidate elected,
(4) the number of votes declared invalid, and
(5) the number of tendered votes given,

and shall permit any candidate or any representative duly authorized under rule 55 to take a copy or an extract from such return.

74. (1) The Returning Officer shall forward a copy of the return made under rule 73 to the Government as soon as possible after reporting the result of the election as required by rule 70.

(2) All the packets relating to the elections shall remain in the custody of the Returning Officer.

75. The packets of ballot papers, whether counted, rejected or tendered, and of the counterfoils thereof, or of the declaration papers as the case may be, shall not be opened and their contents shall not be inspected or produced except under the order of competent Court or of Commissioners appointed to hold an inquiry in respect of an election, but all other documents relating to the election shall be open to inspection subject to such conditions as the Governor may impose and to the payment of a fee of Rs 5.

76. (1) The packets aforesaid shall be retained for a period of one year and shall thereafter be destroyed subject to any direction to the contrary made by the Governor, or by a competent Court or by Commissioners appointed to hold an inquiry in respect of an election.

(2) The nomination papers of candidates and the withdrawals from candidature shall be kept in the office of the Returning Officer and shall be destroyed after nine years, unless otherwise ordered by the Governor.

The petitioner may, if he so desires, in addition to calling in question the election of the returned candidate, claim a declaration that he himself or any other candidate has been duly elected; in which case he shall join as respondents to his petition, all other candidates who were nominated at the election.

87. At the time of presentation of the petition, the petitioner shall, except where the petition is presented under clause (b) of rule 84 deposit with it the sum of one thousand rupees in cash or in Government Promissory notes of equal value at the market rate of the day as security for the costs of the same.

88. (1) An election petition shall abate only on the death of a sole petitioner or of the survivor of several petitioners:

Provided that, where such sole petitioner was an officer empowered by the Governor, the proceedings may be continued by any other officer empowered in like manner.

(2) Notice of the abatement of an election petition shall be published in the Gazette by the Commissioners, or, if the petition abates before any Commissioner has been appointed, by the Governor.

(3) Any person who might himself have been a petitioner may, within fourteen days of such publication, apply to be substituted as petitioner, and, upon compliance with the conditions of rule 87 as to security, shall be entitled to be so substituted and to continue the proceedings upon such terms as the Commissioners may think fit.

89. (1) An election petition may be withdrawn only by leave of the Commissioners, or if an application for withdrawal is made before any Commissioner has been appointed, of the Governor.

(2) If there are more petitions than one, no application to withdraw a petition shall be made except with the consent of all the petitioners.

(3) When an application for withdrawal is made to the Commissioners notice thereof fixing a date for the hearing of the application shall be given to all other parties to the petition and shall be published in the Gazette.

(4) No application for withdrawal shall be granted if in the opinion of the Governor or of the Commissioners, as the case may be, such application has been induced by any bargain or consideration which ought not to be allowed.

(5) If the application is granted—

(a) the petitioner shall, where the application has been made to the Commissioner, be ordered to pay the costs of the respondent theretofore incurred or such portion thereof as the Commissioners may think fit;

(b) notice of the withdrawal shall be published in the Gazette by the Governor or by the Commissioners as the case may be; and

(c) any person who might himself have been a petitioner may, within fourteen days of such publication, apply to be substituted as petitioner in place of the party withdrawing, and upon compliance with the conditions of rule 87 as to security, shall be entitled to be so substituted and to continue the proceedings upon such terms as the Commissioners may think fit, and

(6) When an application for withdrawal is granted by the Commissioners and no person has been substituted as petitioner in place of the party withdrawing under clause (c) of sub-rule (5), the Commissioners shall report the fact to the Governor.

90. If before the conclusion of the trial of an election petition the respondent dies or gives notice that he does not intend to oppose the petition, the Commissioners shall cause notice of such event to be published in the Gazette, and thereupon any person who might have been a petitioner may, within fourteen days of such publication, apply to be substituted for such respondent to oppose the petition, and shall be entitled to continue the proceedings upon such terms as the Commissioners may think fit.

91. (1) The Governor may dismiss an election petition for non-compliance with these rules.

(2) If the petition is not dismissed under sub-rule (1), it shall be referred to a Commission appointed by the Governor in the manner provided for in sub-paragraph (1) of paragraph 4 of Part III of the Corrupt Practices Order.

(3) The President of the Commission shall, as soon as may be, cause a copy of the petition to be served on each respondent and to be published in the Gazette, and may call on the petitioner to execute a bond in such amount and with such sureties as he may require for the payment of any further costs. At any time within fourteen days after such publication, any other candidate shall be entitled to be joined as a respondent on giving security in a like amount and procuring the execution of a like bond:

Provided that the execution of such a bond by the petitioner shall not be required in any case where the petition has been presented under sub-rule (b) of rule 84.

92. Subject to the other provisions of these rules every election petition shall be inquired into by the Commissioners as nearly as may be, in accordance with the procedure applicable under the Code of Civil Procedure, 1908, to the trial of suits:

Provided that it shall only be necessary for the Commissioners to make a memorandum of the substance of the evidence of any witness examined by them.

93. The inquiry shall be held at such place as the Governor may appoint:

Provided that the Commissioners may in their discretion sit at any other place in the Presidency for any part of the inquiry, and may depute any one of their number to take evidence at any place in the Province.

94. (1) Where at an inquiry into an election petition any candidate, other than the returned candidate, claims the seat for himself, the returned candidate or any other party may give evidence to prove that the election of such candidate would have been void, if he had been the returned candidate and a petition had been presented complaining of his election:

Provided that the returned candidate or such other party as aforesaid shall not be entitled to give such evidence unless he has, within fourteen days from the date of publication of the election petition under sub-rule (3) of rule 91, given notice of his intention to the Commissioners and made the deposit and procured the execution of the bond referred to in rules 87 and 91, respectively.

(2) Every notice referred to in sub-rule (1) shall be accompanied by the statement and list of particulars required by rule 85 in the case of an election petition and shall be signed and verified in like manner.

95. Election petitions with the proceedings and reports of the Election Commissioners thereon shall be kept by the Government and shall be destroyed after three years, unless otherwise ordered by the Governor.

96. (1) If any person is elected by more than one constituency of the Council, he shall, by notice in writing signed by him and delivered to the Secretary to the Council within seven days from the date of the publication of the result of such election in the Gazette, choose for which of the constituencies he shall serve and his choice shall be conclusive.

(2) When any such choice has been made, the Governor shall call upon the constituency or constituencies not chosen by such person to elect another person or persons.

Fort St. George, October 21, 1936
(G.O. Ms. 2272, Revenue).

No. 552.—

The Government have recently been examining the question as to the basis on which Land Revenue concessions should be granted for the current fasli.

During the last four faslis the concessions have taken the form of a percentage remission of the land revenue assessment (wet, dry and garden) and water-cess, and the only differentiation between districts in the extent of the concessions granted has been between those in which resettlements were introduced prior to 1918–19 and those in which it was introduced in or after that year.

The reason why the year 1918–19 was taken as the dividing line was that it was after that year that prices rose so abnormally as a result of the war, and it was therefore in districts resettled after that year that the commutation rates were so much higher than those in districts resettled before the war began to operate.

This method of treatment however allows of no distinction being made between individual districts and cannot for that reason escape criticism.

2. The Government have now made a detailed examination of the whole question and have reached certain definite conclusions.

(i) The rates of assessment at the resettlement of a district are based upon a consideration of the average prices of the 20 non-famine years preceding the resettlement. If therefore commutation rates based upon current prices are higher than the commutation rates on which the rates of assessment in any district were fixed at its resettlement, it must be conceded that there is from an economic point of view no case for a reduction of assessment in that district.

A comparison of the commutation rates on which the resettlements in the several districts are based with the commutation rates calculated on the prices during the ryots' selling months of fasli 1345 shows clearly that in all the districts resettled prior to 1918–19 the commutation rates based upon current prices are considerably higher than the rates on which the assessments now in force in those districts were based.

The Government therefore consider that logically there is no case, from a strictly economic point of view, for any percentage remission in those districts.

As however these districts have been enjoying some remission of assessment during the past four years, the Government realize that an immediate withdrawal of all forms of concessions might be felt as a hardship.

They have therefore decided to grant some concession in these districts during the current fasli but it will not be on the same basis as in districts resettled in or after 1918-19, in which current commutation rates are below the commutation rates on which the resettlements were based.

(ii) Another conclusion which the Government have reached as a result of the examination of this question, is that there is no necessity to grant any general remission of dry assessment as has been done in previous years.

The average dry rates per acre throughout the Presidency are very moderate, ranging from 7 annas to Rs. 1-12-0 and these rates are moreover based solely upon the prices of dry grains, and in fixing the dry rates in a district the prices realised from the cultivation of the more valuable commercial crops, tobacco, groundnut and cotton have never been taken into consideration.

Further although the amount of remission granted in the last two years was only one anna in the rupee, the aggregate cost of this concession was large, and the Government consider that this amount could have suitably be utilised for increasing the concessions under wet assessment.

The Government have therefore decided to grant as a general remission of dry assessment during the current fasli except in the districts of Bellary and Anantapur. These districts were during fasli 1315 subjected to a severe famine, and operations under the Famine Code were undertaken on an extensive scale. In view of this fact and of the fact that the ryots of these two districts have had insufficient time to recover from the hardships of the previous fasli, the Government propose to grant them the same concession under dry assessment as they received in fasli 1324.

(iii) An examination of prices during the current and previous fasli has disclosed the fact that the price of paddy has not shown any improvement during the past 12 months. In view of this fact and in view also of the fact that it is the cultivator of wet land who has the real need of any relief that can be given the Government consider that the remission under wet assessment should be larger than in the previous fasli. They have therefore decided that in districts resettled prior to 1918-19 there shall be a remission of 1¼ annas in the rupee of the wet assessment (¼ anna more than in fasli 1335).

As prices prior to 1918-19 did not show very marked variations from year to year and as from a strict comparison of current and resettlement commutation rates these districts have no claim to a reduction of assessment, the Government consider that a flat rate of remission in all these districts will meet the case.

In districts in which resettlement was introduced in or after 1918-19 the Government have decided that the concession for this fasli shall take the form of a remission equivalent to the percentage enhancement on wet lands imposed at their respective resettlements subject to a maximum of 3 annas in the rupee.

As in all these tracts, with two exceptions, the percentage enhancement of the rates at the resettlements never exceeded 3 annas in the rupee, and in some cases was less, this concession is equivalent to holding in abeyance for the current fasli the percentage enhancements imposed on wet rates at the resettlement of the several districts.

3. With regard to garden lands in the Malabar and South Kanara districts though there has been gradual rise in the price of coconuts since November 1932, current prices are in both districts still below the average of the 20 years preceding the resettlements. The Government have therefore decided to grant a remission of 2 annas in the rupee on garden assessment as in the previous fasli.

4. In previous years remission of water-cess has been granted on the same percentage as for wet lands.

The Government have examined the question in detail and have reached the conclusion that no general concession in the matter of water-cess is called for. Water-cess is levied for the supply of water to lands which have no claim as of right to such water for irrigation, e.g., dry lands, and the principle generally followed in fixing the rates is to fix them mainly with reference to the cost of supplying the water. Water-cess is therefore largely a payment for services rendered.

There has moreover been no general revision of the rates of water-cess in any district on the basis of the rise in prices except in the districts of East and West Godavari and Kistna and of the delta tracts of Guntur. The Government do not consider that any general concession is therefore required in the matter of water-cess, except in the areas specified above and in respect of these they have decided to reduce the charge for a first crop in the deltaic areas from Rs. 0-4-0 to Rs. 0-12-0 an acre, with corresponding reductions under the charges for other crops. The Government have also decided that these reduced rates (Rs. 0-12-0 for a first crop, etc.) shall apply to the lands irrigated by the Polavaram Island Project (East Godavari district), for which special rates had been fixed.

With regard to the Cauvery-Mettur Project, the Government have already separately issued orders reducing the water-cess for the best three fasls from Rs. 15 per acre to Rs. 5 in the New delta of Tanjore and from Rs. 10 to Rs. 5 in the Old delta of that district and in respect of lands irrigated under the Cauvery channels in the districts of Trichinopoly and Salem and consider that no further concession is called for.

5. The concessions to be granted for the current fasli will therefore be—

(i) a remission of one anna in the rupee on the dry assessment in the Bellary and Anantapur districts;

(ii) a remission of 2 annas in the rupee on garden lands in

Malabar and
South Kanara;

(iii) a remission of 1¼ annas in the rupee on wet lands in

Guntur,
Kurnool,
Nellore,
Cuddapah,
Chingleput,
Tinnevelly (except the Tangasseri village),
Coimbatore,
Chittoor,
North Arcot (except the Chengam and Tiruvannamalai taluks);
Ramnad
the northern taluks of Salem,
the Chicacole and Ichchapur taluks of the Vizagapatam district and
the Nilgiris (excluding the Gudalur taluk);

(iv) a remission on wet lands equivalent to the percentage enhancement imposed at resettlement, subject to a maximum of 3 annas to the rupee, in

Vizagapatam (excluding the Chicacole and Ichchapur taluks),
Madura,
South Arcot,
East and West Godavari,
Kistna,
Tanjore,
Trichinopoly,
Salem (southern taluks and hill villages),
Bellary,
Anantapur,
Malabar,
South Kanara,
the Tiruvannamalai and Chengam taluks of North Arcot,
the Gudalur taluk of the Nilgiri district, and
the Tangasseri village of the Tinnevelly district; and

(v) a reduction of the water-cess in the East and West Godavari and Kistna districts (including the Polavaram Island Project), and the deltaic tracts of Guntur.

6. The Government have given the question of concessions for the current fasli their very careful consideration and feel confident that the basis now adopted for granting remissions will bring substantial relief to the class of cultivator most affected by the fall in world prices of recent years.

No. 230.—The Commissioner of the Nellore Municipality is informed that the Examiner of Local Fund Accounts has agreed not to pursue the audit objection raised in paragraph 108 of the objection statement of the General Fund Account of the municipality from 1st October 1934 to 31st March 1935.

2. Under rule 25 (4) of the rules in G.O. No. 1371, P.H., dated 23rd June 1933, issued under the Places of Public Resort Act, 1888, licences granted under the Act shall be either annual or temporary. It has been brought to the notice of the Government that the procedure adopted by municipal councils in granting these licences is not uniform. In some municipalities, licences are granted for a period of one year from the date of the licence. In some others all annual licences are made to expire at the end of the financial year. Section 3 of the Places of Public Resort Act lays down that the licence should state the period for which it is to continue in force. This does not necessarily mean that the licence should be made terminable at the end of the financial year. It may extend into the next financial year also.

Executive authorities of municipal councils are therefore requested to adopt a uniform procedure of issuing licences which will be terminable at the end of one year from the date on which licences are granted.

REVENUE NOTIFICATIONS.

STATISTICS—1936–1937—COTTON—SECOND FORECAST REPORT.

The average of the area under cotton in the Madras Presidency during the five years ending 1934-1935 has represented 9 per cent of the total area under cotton in India.

2. The area under cotton up to the 25th September 1936 is estimated at 756,700 acres. When compared with the area of 1,148,000 acres estimated for the corresponding period of last year, it reveals a decrease of 34 per cent. The decrease in area occurs in almost all the important cotton growing districts and is marked in the Deccan where the area fell from 811,500 acres to 448,800 acres, i.e., by about 45 per cent owing to want of timely and sufficient rains.

3. The area in the South and the Central districts relates partly to the last year's crop and partly to the current year's sowings which have commenced in parts.

4. The condition of the standing crop is satisfactory except in the Deccan where it has been affected by drought to some extent.

5. The wholesale price of cotton (net per Imperial maund of 82 2/7 lb. as reported from important markets towards the close of September 1936 was about Rs. 19–7–0 for Cocanadas, Rs. 23–14–0 for Red Northerns, Rs. 18–11–0 for Westerns, Rs. 25–4–0 for Cambodia, Rs. 24–8–0 for Coimbatore Karunganni, Rs. 23–2–0 for Tinnevelly Karunganni, Rs. 22–8–0 for Tinnevelly and Rs. 21–4–0 for Nadam cotton.

As compared with the prices in the previous month, the prices of Cocanadas, Cambodia, Karunganni, Tinnevelly and Nadam cotton have remained stationary while those of Northerns and Westerns cotton show a fall of 8 and 2 per cent respectively.

7. Every tenderer is expected, before quoting his rates, to inspect the site of the proposed work. He should also inspect the quarries, and satisfy himself about the quality and availability of materials. The best class of materials to be obtained from the quarries or other sources defined shall be used on the work in every case the materials must comply with the relevant Standard Specification. Samples of materials as called for in the Standard Specifications, or in the tender notice, or as required by the Executive Engineer in any case, shall be submitted for the Executive Engineer's approval before the supply to site of work is begun. If the contractor, after examination of the source of materials defined in the Descriptive Specification Sheet, is of opinion that materials complying with the standard or other specifications of the contract cannot be obtained in quality or sufficient quantity from the source defined in the Descriptive Specification Sheet, he shall so state clearly in his tender and state wherefrom he intends to obtain materials, subject to the approval of the Executive Engineer.

The Government will not, however, after acceptance of a contract rate, pay any extra charges for lead or for any other reason, in case the contractor is found later on to have misjudged the materials available. Attention of the contractor is directed to the Standard "Preliminary Specification" regarding payment of seigniorage, tolls, etc.

8. The tenderer's particular attention is drawn to the sections and clauses in the Standard "Preliminary Specification" dealing with—

(1) test, inspection and rejection of defective materials and work;
(2) carriage;
(3) construction plant;

NOTE.—The contractor has to make his own arrangements for engines and pumps that may be required and for shoring, stripping and baling water, etc., and to see that the trench is strictly dry while laying and jointing of C.I. and screwed pipes and while filling with stone metal for the infiltration gallery and well. Also with stone metal for the infiltration gallery and well. He should clearly understand that Government are not bound to supply Government plant deposits on hire.

(4) water and lighting;

The tenderer should also show the totals of each item and the grand total of the whole contract, and quote in the tender a lump sum for which he will undertake to do the whole work subject to the conditions of the contract, which sum agreeing with the total amount of such lump sum agreeing with the total amount of schedule I. This schedule accompanying the lump-sum tender shall be written legibly and free from corrections, overwritings or omissions of figures, erasures, overwritings or omissions of figures, Corrections, where unavoidable, should be made by crossing out, initialling, dating and rewriting.

19 Tenders offering a percentage deduction from or increase on the estimate amount, and those not submitted in proper form or in due time will be rejected. Alterations in lump-sum amounts for items not called for shall not be included in the tender. No alteration which is made by the tenderer in the conditions of contract, the drawings, plan form, the conditions accompanying same will be recognised, and, if any such alterations are made, the tender will be void

20 The work should be carried out as per general description of work attached

21 The tenderer should work out his own rates, without reference being made to the Public Works Department current schedule of rates or to the Public Works Department estimate rates which are not open for inspection by tenderers.

22. The tenderer should state the time he requires to complete the contract assuming the site is handed over to him by the 15th December 1935. In deciding the letting of the contract, the time quoted by the tenderer will be one of the factors that will be taken into consideration. If he fails to keep to this contract time, a penalty of Rs. 5 per day up to the date the works are completed and handed over to the Public Works Department will be levied and will be recovered from the contractor's outstanding. The contractor will also be liable to forfeit the security of Rs. 500 deposited by him if he fails to so complete the work by the time fixed The accepting authority reserves the right to grant or revoke extension of time mentioned above.

27. The Executive Engineer or other sanctioning authority reserves the right to reject any tender or all the tenders without assigning any reason therefor

28 Information regarding the substrata available from trial borings is made available for the information of the tenderers in the plans, but this department takes no responsibility for the accuracy of such information contained therein. Tenderers must examine the site and may check the information furnished about substrata and water levels by boring if they so desire

29. Tenderers should give an idea of the plant they propose to employ and also explain how they propose to dewater the trench and lay the pipes and filtering medium in the dry

30 The qualifications of the supervising staff employed by the contractor in the execution of the work will be given due consideration in awarding the contract The tenderers should therefore state in plain terms, whether they employ such technical staff and if so, to give the qualifications of such staff and the extent to which they will be employed on the work.
